Mortgage Loans

We have a large amount of money which we are anxious to loan.

If you already have a small mortgage we will pay it off and give you a larger loan.

If you purchased your property under agreement of sale, and also owe other small debts, get a mortgage loan from us and pay off all of them. It is more satisfactory to have your payments all in one transaction.

If you wish to improve your property or if the repayments on your present loan are burdensome, consult us regarding a new loan.

We issue cheques here, thus avoiding delays. We invite you to call and discuss with us your requirements, and we shall try to meet them.

Our office hours are 9 a.m. to 6 p.m. We are also open Saturday night from 7 p.m. to 9 p.m.

Introductory

The Publishers herewith present the Seventh Annual Edition of Henderson's Regina City Directory. The growth and industrial development has been maintained, and the population of the City shows a remarkable percentage of increase, despite a period known for its quietness throughout the Dominion.

Since the wave of prosperity first reached Regina in the early years of the present century, the city has steadily continued to enlarge and expand. Each year has set down figures of a wonderful development, always excelling the previous record, and constantly pushing Regina onward and upward to a pre-eminent place among the cities of the West. The cumulative result of the marvellous influx of population and capital in a decade, today finds Regina in a position seldom enjoyed by cities of the same size and age. The amazing progress of the city indicated in these pages, which the publishers have earnestly endeavored to justly represent, is a tribute to the energy and perseverance of those who have toiled ceaselessly to establish for the city of their choice a prestige, even in a country where rapid development is such a common feature.

The directory contains, as usual, street, avenue, alphabetical and classified sections. The data for the different divisions has been gathered and compiled by a carefully trained staff, and no expense or pains have been spared to make the contents of the book of the greatest possible value to its patrons. Special attention is directed to the Miscellaneous Section, complete with figures and statistics concerning the growth, development and industrial activities of the community.

In conclusion the publishers wish to thank the business fraternity for their liberal support of the advertising pages, and the public generally for their courtesy and interest in supplying the information that made this work possible.

City of Regina

Regina is situated in lat. 50.30, long. 105, 357 miles north of Winnipeg and 1,125 miles east of Vancouver, and is served by the three transcontinental lines, viz., the Canadian Pacific, the Canadian Northern, and the Grand Trunk Pacific Railways.

It is the Capital of the Province of Saskatchewan, the seat of Government where the Legislative Assembly meets, and all Departmental and Executive Offices are located here. It is the Headquarters of the Royal North-West Mounted Police.

RAILWAYS

Regina is justly entitled to be termed the best served railway city in Western Canada. Twelve lines of railway radiate in all directions from the city, and the C. P. R., C. N. R. and G. T. P. vie with each other in their endeavor to give Regina an excellent train service; 41 passenger trains entering and leaving the city daily.

The main line of the Canadian Pacific Railway bisects the city east and west. It is also the terminus of the same company's line from Arcola, which is continued through from Brandon, a line tapping a very rich and well-settled country to the southeast.

This company's branch lines north to Colonsay, Saskatoon and Bulyea give a good passenger service on each to the north country.

The G. T. P. main line between Regina and Winnipeg gives easy access to the beautiful chain of lakes in the Qu'Appelle Valley—a most delightful summer resort some 50 miles east of Regina.

Six lines of the Grand Trunk Pacific Railway for Regina is the programme of that corporation. The Regina-Melville branch has been completed from Melville, connecting at that point with the main "coast-to-coast" line, and, again, with the proposed branch to Churchill on Hudson's Bay.

These lines provide easy access to Last Mountain Lake, a beautiful lake some sixty miles long, the lower extremity of which is distant only twenty-five miles from Regina. This lake has already become a popular summer resort for the citizens of Regina.

Other lines of the Grand Trunk Pacific are: Southwesterly to Lethbridge, northwesterly to Edmonton, east to Brandon, north to Prince Albert and south to the U. S. A. boundary.

Regina is the southern terminus of the Canadian Northern Railway Company's line from Prince Albert, and also the terminus of the same company's line from Brandon, which line, being continued through to the Great Lakes, gives Regina the benefit of a competitive road through to the head of navigation.

The Great Northern Railway will have direct communication between Regina, Minneapolis and St. Paul and other southern cities over the G. T. P. Boundary Line. In addition to the lines in operation bonds have been guaranteed by the Government for 10 additional branch lines which, when completed, will make a total of

32 Railway Lines

radiating in all directions from Regina.

The C. N. R. has also under construction a line westward, and, it is understood, contemplates the construction of various other lines out of the city, making a total of 21 lines when all are completed. A new union depot for the C. P. R. and C. N. R., thoroughly modern and up-to-date in every particular, has been erected and is now in use, but the C. N. R. has acquired considerable property in the east end of the city, and it would seem probable that this company will erect a passenger depot of its own in the near future.

The G. T. P. plans for 1914 include the erection of a station costing 200,000, and a magnificent hotel, costing, when equipped, \$2,000,000, foundations for which have already been laid. This investment, made by a company such as the G. T. P., speaks volumes for its faith in the city's future.

INDUSTRIES

The railway facilities assume an important factor in the development of a distributing point. Regina is the largest distributing point in the middle west. Her territory comprises 50,000 square miles, extending 115 miles south, 150 miles north, 100 miles east and 250 miles west, embracing 230 towns and villages.

The largest volume of trade distribution from Regina is that done by dealers in agricultural implements, threshers and engines.

The value of goods shipped from Regina in 1913 was \$20,000,000 for agricultural implements and \$40,000,000 for general distribution.

Industries represented include wholesalers, groceries, fruits, stoves, scales and cream separators, hardware, furniture, soap, flour,

cement, gasoline engines, stationery, boots and shoes, printers' supplies, etc.

Regina is also the financial headquarters for the Middle West, bonds of every description issued by municipalities and school districts being bought and sold. Thirteen of the leading banks are located here, the majority having built substantial offices of their own.

Regina manufactures include: A soap factory, three sash and door factories, brick plants, two iron foundries, a brewery, three aerated water factories, wire fence company, metal culvert factory, flour mill, gasoline tractor factory, petrified stone works, cement brick plant, paving and stone-crushing plant, mattress factory, cigar factory, abattoir and cold storage, tannery, printing and bookbinding firms, etc.

FRANCHISES

Regina is one of the best paved cities in the West for its size, if not in the Dominion.

This year's programme includes additional street paving and granolithic sidewalks.

The streets are looked after by a well-equipped sanitary department and are kept scrupulously clean.

Regina's municipal buildings have all been constructed from the proceeds of the sale of its townsite lands, at a total cost of about \$200,000. The Central Fire Hall is one of the most complete in the Dominion, costing, with its new fire alarm system, about \$30,000. The new Fire Hall, No. 2, is erected on the north side of the track, in the centre of the wholesale district. The incinerator plant, costing \$40,000 is one of the most modern scientific systems for the disposal of garbage.

STREET RAILWAY

In 1910 it was decided to undertake the installation of a street railway system as a municipal enterprise. The council had submitted to the ratepayers the question of granting a franchise to one of a number of companies who applied for it; but, notwithstanding that unusual difficulties would have to be overcome, they decided that it would be undesirable to grant a franchise.

The work of construction was commenced in the spring of 1911 and on July 29th 1912, the first service was instituted, and a constant service has been maintained since that date.

The system has proved to be a much appreciated utility in the city, and for 1914 further extensions have been decided on covering an additional 2½ miles of track, while provision is made for four additional cars.

Details of System to Dec. 31, 1913

Total Expended	\$1,719,000
Mileage	27
Gross Earnings	\$316,563.12
No. of Passengers Carried	7,057,556
Car Mileage	1,372,160
Rolling Stock: 34 passenger and 31 freight cars and 2 sweepers.	

ELECTRIC LIGHT AND POWER PLANT

The electric light and power system is owned and operated by the city. This utility is not only self-sustaining, but revenue producing, showing a surplus of revenue over expenditure of \$17,345 in 1913.

The generating plant at old power house consists of six boilers, aggregating 200 H.P.

One 300 K.W. generator connected to Corliss engine.

One 450 K.W. low pressure turbine generating unit.

One 1,500 K.W. high pressure type generating unit.

Two 400 K.W. direct current railway units, vertical engine type.

One 1,200 K.W. motor converter, converting from 2,200 volt three phase to 600 volt direct current.

A new Power House is under construction, containing the following additional apparatus: One 1,500 K.W. high pressure turbine generating unit; one 3,000 K.W. high pressure generating unit; 6 boilers, 3,000 H.P. capacity.

Some 570 arc and 50 incandescent street lights are in use, and provision has been made for the installation of 200 additional arc lights during the year 1914. Provision is made in the capital estimates for 1914 for the sum of \$244,000 for the completion of a new power house, it being the intention, on completion of this building, to convert the present power house into a pumping station.

Government Telephone Building

WATER WORKS SYSTEM

The waterworks system is owned and operated by the city. The supply of water is obtained from springs and artesian wells at Boggy Creek, about eight miles north-east of the city. A dam has been built there across the creek at an elevation of about fifty-five feet above the city, which impounds about one hundred million gallons of water. Thirty-five wells have been sunk through the clay to the gravel bed, found at an average depth of one hundred feet, and 33 of them are strong gushers, yielding sparkling pure water. In addition to the above, pipe lines have been laid in the valley to collect and convey the water to Barton Pump Well (capacity 270,000 gallons). Adjoining the pump well is located a pumping station in which two 80 h.-p gasoline engines and two belt-driven turbine pumps raise two

million gallons per day into the circular reinforced concrete five million gallon reservoir on Tor Hill, which stand about one hundred and twenty feet above the city. The storage reservoir was designed by Mr. R. O. Wynne Roberts, Consulting Engineer, and is two hundred and two feet in diameter, depth of water being twenty-five feet. These different works are connected with the city by one fifteen-inch vitrified pipe line, ten-inch cast iron mains, and one eighteen-inch steel man. These trunk mains are capable of delivering by gravitation at the Power House about four and one-quarter million gallons per day. It is proposed shortly to lay another twenty-seven-inch steel trunk main between Tor Hill Reservoir and the city, and this will deliver another 5 million gallons per day. This main will also serve to convey water from the watersheds adjacent to and twice the area of Boggy Creek, when the demand for an increased supply of water requires same. About half way between Tor Hill Reservoir and the city there are two reservoirs having a combined capacity of 1,065,000 gallons, and at the city power house there are two more holding 650,000 gallons.

When the pressure is below standard the water, when it reaches the power house, is pumped into the city mains by means of a new five million gallon steam-driven turbine pump and two horizontal direct action pumps and when installed the total capacity will be 8,600,000 gallons per day. The normal domestic pressure in the city is fifty pounds per square inch, whilst for fire purposes the pressure is increased to one hundred and twenty pounds. A system of trunk mains throughout the city, ranging from 27 inches to 10 inches in diameter, was laid in 1913, which will adequately provide for any possible development for a number of years and afford complete fire protection in every part of the city. The greater part of this scheme has already been carried out and the balance of the work will be undertaken this year.

ANNUAL FINANCIAL STATEMENT

The City of Regina at the end of 1913 had: Assets, \$20,755,439.01; Liabilities, \$10,560,163.13; Surplus Over Liabilities, \$10,195,275.88.

BANK CLEARINGS

The clearings for 1913 were \$132,087,457, showing an increase of \$16,359,809 over those of 1912.

PARKS

In different parts of the city grounds have been laid out for cricket, football, baseball, lacrosse and tennis, while the city has about 257 acres for park and recreation purposes, valued at \$3,300,000. A splendid feature of the city is the children's playgrounds, located in different parts of the city.

Wascana Park—Containing about 45 acres and situated to the south of the city, has a frontage of about a quarter of a mile along Wascana Lake, which extends for nearly two miles east, affording excellent facilities for boating, of which full advantage is taken. There is a large boat club building and a boat livery in the park. There is also a bathing house, which is open for the use of the public.

This park, adjoining as it does the grounds of the Regina College, and having an outlook over the lake to the Parliament Buildings and grounds, offers excellent facilities for development as an ornamental park.

Victoria Park—Which contains over seven acres, situated in the centre of the city, is laid out as an ornamental garden.

Dominion Park—Containing about eight acres, is devoted to athletic games. It is in the centre of the warehouse district and affords exceptional advantages to men employed in the district and to the athletic and sporting element of the public generally.

Alexandra Park.—Is used as a children's playground and is equipped with suitable gymnastic apparatus.

Wascana Lake

A body of water situated at the southern part of the city, between the residential portion and the Parliament Buildings, in length approximately seven miles, and from three hundred yards to one-half mile in width. Recent improvements have added greatly to the appearance of Wascana Lake, and today it stands as one of Regina's valuable assets as a pleasure resort for boating and swimming.

The Parliament Buildings overlook the lake from the south side.

AMUSEMENTS

Regina has a first class theatre and six moving picture theatres and another large theatre and vaudeville house are projected, whilst Wascana Lake affords outdoor pastimes of boating, bathing, rowing and skating.

Exhibition Grounds

Regina possesses an admirably situated and well equipped exhibition grounds where the Provincial Exhibition is annually held. The grounds comprise some seventy-six and one-half acres situated one mile west of the centre of the city. Street cars run direct to the main entrance and during the time of the exhibition a three-minute service is maintained. Paved streets lead direct to the grounds.

Improvements to the grounds have cost about four hundred thousand dollars. The buildings include grand stand with seating for four thousand people, live stock pavilion with a seating capacity of fifty-five hundred and including a judging ring two hundred and twenty feet long by eighty feet in width, while back of the seating is stabling for one hundred and sixty horses; industrial building, arts building, two agricultural products buildings, machinery hall, office building and twenty large stables for horses, cattle, sheep and swine. A railway siding is adjacent to the stables on the south side of the grounds where exhibits coming over the C. P. R., G. T. P. or C. N. R. may be conveniently handled. There is a complete equipment of water, sewer and electric light service.

Besides the provincial exhibition the grounds are used for the Provincial Winter Fair, Regina Horse Show, Regina Turf Club Race Meet and the Regina Matinee Club. Many of the sports clubs use the grounds for practice and games and Exhibition Park is one of the most popular recreation grounds in the city.

Refuse Disposal System

Regina has now in operation one of the most modern Refuse Disposal Plants on the continent. All refuse is hauled to a Central Transfer Station where it is loaded into steel dump cars. From the Transfer Station, which was specially constructed for this purpose at a cost of \$20,000, the refuse is transferred over the Street Railway to the Incinerating Plant at the Disposal Works, a distance of two and a half miles. The Incinerating Plant, recently constructed at a cost of \$64,000, has a capacity of 110 tons per 24 hours and is modern in every particular. It is proposed to utilize the steam generated at the plant to drive the pumps at the Disposal Works and to light the grounds.

POLICE DEPARTMENT

The Police Department is under the control of the Police Commissioners, consisting of the following:

His Worship the Mayor.

Alderman C. B. Keenleyside.

University of Saskatchewan

University of Saskatchewan, Saskatoon

The University is situated on the east side of the south branch of the Saskatchewan river. Its site comprises 1,333 acres. About 300 acres, with frontage of over half a mile on the river, have been set apart for a campus. A portion of the quarter section south of the campus is devoted to plot work, the land being virgin prairie.

A general plan of the campus, making ample provision for future growth, is being prepared. In the preparation of this plan advantage

is being taken of the experience of state universities with problems similar to those of this University. In the erection of buildings it was thought wise to begin with a number of small buildings adequate to present needs, but capable of being adapted to special purposes without serious waste and at small cost when the growth of the University requires greater specialization in buildings.

The College building is about 220 feet long and 52 feet wide with wings of about 111 feet in length and 30 in width. At the rear is a large hall capable of seating between 500 and 600 people. This building will be used for teaching purposes in Arts and Agriculture. It is located in a position convenient to the Agricultural, Engineering, Horticultural and Dairy buildings, the Stock Pavilion and Farm buildings so that in time it may be devoted exclusively to the College of Agriculture. Near it is placed the first residence for students.

The College of Arts and Science offers courses leading to the Bachelor's and Master's degrees in Arts the Bachelor's and Master's degrees in Science, and the Bachelor's degree in Civil Engineering; also courses preparatory to professional courses in Medicine, Pharmacy, Divinity and Teaching. Other courses, not leading to a degree but adapted to the needs and tastes of the student are offered.

In order to obtain a degree a candidate is required to pass the Junior or Senior Matriculation, to attend the classes and pass the examinations prescribed in the Calendar. The course for the Bachelor's degree extends over four years for candidates who have passed the Junion Matriculation.

COLLEGE OF AGRICULTURE

The College of Agriculture is a part of the University and stands in the same relation to the University as does the College of Arts and Science. It has a number of buildings planned and equipped for carrying on its particular work and a staff of its own for the purpose of giving instruction especially in the technical subjects and elementary work in English, Mathematics and the Sciences. Its laboratories and equipment are under certain limitations and restrictions, available to students in the other Colleges of the University for the purposes of scientific research.

The aim of the College is to give the students under its care a good, practical training in the different technical subjects that bear upon the various phases of agriculture, such as animal husbandry, field husbandry, farm mechanics, farm engineering, dairying, horticulture, tree planting and others; to give them a good, liberal education in various other branches such as will enable them to adapt themselves readily, without great loss of time and energy, to new and varied conditions, and to fit them for their duties as good citizens.

The University estate consists of the campus, about 293 acres, an the College Farm, 1,040 acres. The College Farm proper consists of 880 acres.

Postal Information

RATES OF POSTAGE

FIRST-CLASS MATTER.

LETTERS

Letters posted in Regina addressed for delivery in Regina or within the district covered by Letter Carrier Delivery, 1 cent per ounce or fraction thereof.

Letters addressed to places in Canada, Mexico and United States, including Guam, Hawaii, Panama Canal Zone, Philippine Islands, Porto Rico and Tutuila, 2 cents per ounce or fraction thereof.

Letters addressed to places in Canada must be at least partially prepaid, and those addressed to Mexico and the United States must be prepaid at least a full rate (2c.). Otherwise they will be sent to the Dead Letter Office.

Letters addressed to places in Canada and partly prepaid will be forwarded, subject on delivery to double the amount of unpaid postage.

Letters for the United States should bear the name of the State as well as that of the Post Office.

Letters addressed to mere initials, or fictitious names, will not be delivered unless addressed in care of a resident or to some box in the Post Office.

Letters addressed simply to a street number or to a room number in a specified building without the name of a person, firm, etc., may be delivered, provided there is only one household or firm in occupation of the premises indicated; otherwise letters so addressed will be sent to the Dead Letter Office as insufficiently addressed.

Every letter for the city should bear name, street and number, no matter how well known the name may be; otherwise it is an incomplete address, and delivery may be delayed.

The abbreviations St. and Alta. are often so scribbled as to be indistinguishable. The word City, or Saskatoon, should always complete city address.

RE-DIRECTED LETTERS.

Re-directed letters are not liable to any additional postage if handed back to the Post Office with a changed address at the moment of delivery or as soon as possible thereafter, provided always the change in the address does not require the letter to be sent to any place to which the postage rate is higher than was at first payable. In this case the additional postage, if not prepaid, will be collected on delivery.

Re-directed letters should not be dropped into a Post Office Box or Receiver unless additional postage has been put on to carry them to their second destination.

REQUEST LETTERS

Letters from places in Canada, Newfoundland, Mexico and the United States, covered by envelopes, bearing a request, either printed or written, that the letters be returned to the sender if not delivered within a certain specified time, will be returned as requested if not delivered in the time stated.

Requests, whether printed or written, on packages of Third or Fourth-class matter, and on transient newspapers for return in case of non-delivery, will be complied with; but a charge will be made for such direct return equal to the original postage charge.

SPECIAL DELIVERY LETTERS

Letters are sent to their City Addresses between 8 a.m. and 7 p.m. daily, except Sunday, bearing, in addition to the usual prepayment of 2 cents an ounce, a "special delivery" Canadian stamp, addressed to the following cities in Canada: Berlin, Brandon, Brantford, Brockville, Calgary, Charlottet-

town (P.E.I.), Chatham, Ft. William, Edmonton, Fredericton, Galt, Guelph, Halifax, Hamilton, Hull (Que.), Kingston, Lethbridge (Alta.), London, Moncton (N.B.), Montreal, Moose Jaw (Sask.), New Westminster (B.C.), Niagara Falls (Ont.), Ottawa, Owen Sound, Peterboro, Port Arthur, Quebec, Regina, St. Catharines, St. Hyacinthe, St. John, St. Thomas, Sarnia, Saskatoon (Sask.), Sault Ste. Marie (Ont.), Sherbrooke, Stratford, Sydney (N.S.), Toronto, Trois Rivières, Vancouver and Victoria, Windsor, Winnipeg. The 10 cents "special delivery" stamp may be obtained at any post office.

American Special Delivery Stamps may be obtained at the Stamp Counter.

EXPRESS LETTERS AND PARCELS

There is immediate delivery of "Express" letters and parcels, so marked, addressed to United Kingdom. Fee payable there on letters is 6c. a mile from addressee's post office. Fee payable on parcels, 10c., can be prepaid here.

POST CARDS

For Canada, Mexico and the United States, 1 cent each. For Great Britain, Newfoundland and all Postal Union countries, 2 cents each. Reply cards for Canada and the United States, 2 cents each. Nothing must be attached to a Post Card.

Private Post Cards, duly prepaid 1 cent each by postage stamp, may be posted in Canada for delivery within Canada, Mexico, and the United States.

Private Post Cards may have a reply card attached bearing 1 cent stamp.

Post Cards (official or private) may be posted in Canada addressed for delivery in any Postal Union country, postage 2c. each. Such cards are admissible as "printed matter," provided they conform to the regulations governing same, in which case the postage rate is 1c. each.

The limit of size for a Private Post Card (Domestic) is 6 in. long by 3½ in. wide.

The British Post Office will recognize as entitled to return to this country the reply halves of Canadian Domestic Reply Post Cards upon which the additional 1 cent postage stamps required have been affixed.

For fear of the reply side of a double post card becoming uppermost, enclose it in a small india-rubber ring.

Legal Documents and Commercial Papers

Legal Documents and Commercial Papers, and all other matter either wholly or partly in writing (except the matter specially mentioned under Third-class), are liable to letter rate of postage, 2 cents per ounce, when posted for delivery in Canada.

These papers may be sent to Great Britain, Newfoundland, United States, and all Foreign countries at 5 cents for the first 10 ounces, and 1 cent for each additional 2 ounces. Must be sent in covers open at the ends, so as to be easy of examination.

SECOND-CLASS MATTER.

NEWSPAPERS FROM OFFICE OF PUBLICATION

The despatch of newspapers by mail from office of publication, is governed by the regulations of the Post Office Act, 61 Vic., cap. 20, and all information respecting enclosures, sample copies, etc., can be obtained at the General Post Office.

Transient Newspapers and Periodicals. Transient newspapers and periodicals for any place in Canada, Mexico or the United States, 1c. per 4 ounces. For other countries see Foreign Postal Rates published in Post Office Guide.

THIRD-CLASS MATTER.

Books, Matter Partly Printed or Wholly in Print and Miscellaneous Matter

(In Books (printed), Pamphlets, Circulars (printed or produced by a multiplying pro-

cess), Catalogues, Hand Bills, Blank Forms, Prices Current (printed), Calendars, Show Cards, Maps, Prints, Drawings, Plans (without specifications), Engravings, Lithographs, Photographs (on card or paper), Visiting Cards (printed or engraved), Sheet Music, Printed Stationery, Official or Private Post Cards (when sent in bulk to a separate address) and all matter wholly in print, when addressed to Canada, Mexico, United States, Newfoundland, and all other countries the rate is 1c. for each 2 ounces or fraction thereof. Limit of weight to Canada, 5 lbs., but a single book, 10 lbs. Limit to United States, 4 lbs. 6 ozs., and to United Kingdom, 5 lbs. For other Postal Union countries, 4 lbs. 6 ozs. No packet addressed to Canada may exceed 3 feet 6 inches in length, nor may the combined length and girth of any package exceed 6 feet. When addressed to other countries, except to the United Kingdom, when the limit is 2 ft. x 3 ft. x 1 ft., the limit in size must not exceed 18 ins. in any direction unless in the form of a roll, when a length of 30 ins. is allowed, provided the diameter does not exceed 4 ins.

Book and Newspaper Manuscript, Printer's Copy and Printer's Proof Sheets, when posted for delivery in Canada, or the United States, the rate is 1c. for each 2 ozs. or fraction thereof. Limit of weight to Canada, 5 lbs.; to the United States, 4 lbs. 6 ozs.

The rate on this class of matter, when addressed to places in Mexico, is 1 cent per 2 ozs.; limit of weight, 4 lbs. 6 ozs.

Manuscript, when not accompanied by proof sheets, addressed to Great Britain and all foreign countries, with the exception of the United States and Mexico, must be prepaid as commercial papers.

Manuscript, when accompanied by proof sheets relating thereto, may pass to Great Britain and all foreign countries at the rate of 1c. for each 2 ozs. or fraction thereof. Limit of weight to Great Britain, 5 lbs.; to other countries, 4 lbs. 6 ozs.

All such matter must be put up in such a way as to admit of the contents being easily examined.

CIRCULARS

are communications in print, or produced by a multiplying process easily distinguished from typewriting, which are posted to several individuals, and couched in identical terms. A circular may, without becoming liable to a higher rate of postage, be signed and dated in handwriting and may also contain the name of the addressee in writing at the top.

The postage on Circulars produced in imitation of typewriting or handwriting by a multiplying process, is 1c. per 2ozs., when at least 20 copies in precisely identical terms are handed in to the Post Office at one time.

Circulars typewritten are liable to letter rate.

Printed Matter Addressed "The Householder"

Circular matter, duly prepaid, may be posted, addressed simply "The Householder," without the name of any person, or indication of street number, and will be delivered at every house so far as the supply permits, in places in Canada where there is free delivery by letter carrier. The number of householders in city offices, where the letter carrier system is in operation, can be ascertained on application at the Postmaster's Office.

PATTERNS AND SAMPLES

Bonafide Patterns and Samples of Merchandise, not exceeding 3 lbs. in weight, and not of saleable value, may be sent to any place in Mexico, at 1 cent for each 2 ounces or fraction thereof. Must be put up so as to admit of inspection. Goods sent in execution of an order, however small the quantity may be, articles sent by one private individual to another, not being actually Trade Patterns or Samples, are not admissible. Limit of size, 30 inches in length by 1 foot in width or depth.

The rate on these articles when addressed to other countries is 2 cents for the first 4 ozs. or fraction thereof, and 1c. for each additional 2 ozs. or fraction thereof.

Limit of weight to United Kingdom is 5 lbs.; limit of size, 2 feet in length by 1 foot in width or depth.

The limit of weight to other Postal Union countries is 12 ozs.; limit of size, 1 foot in length by 8 ins. in width, and 4 ins. in

depth. If in form of roll it may be 12 ins. in length and 6 ins. in diameter.

Patterns and Samples up to 12 oz. in Canada are 1c. per 2 oz.; over 12 oz. Parcel Post.

Seeds, Cuttings, Bulbs in Canada are subject to Parcel Post Rates. These articles can only be sent to the United States at the 1 cent per ounce rate. Limit of weight, 4 lbs. 6 oz.

FOURTH-CLASS MATTER.

MERCHANDISE, ETC.

comprises such articles of general merchandise as are not entitled to any lower rate of postage. When addressed to places in the United States, the postage is 1c. for each ounce or fraction thereof. Limit of weight in Canada 11 lbs.; to the United States, 4 lbs. 6 ozs.; of size, 3 ft. 6 ins. in length, but the combined length and girth of any packet must in no case exceed 6 ft. Matter claiming to be Fourth Class must be open to inspection, and there must be no correspondence enclosed, except invoices and accounts of the articles enclosed, (when addressed to Canada only). Packages of Fourth Class matter may be sent to the United States, including Porto Rico, Hawaii, Panama Canal Zone and Philippine Islands, if prepaid 1 cent per ounce, but the contents will be liable to Customs Inspection and collection of duty in the United States. Sealed tins containing fish, lobster, vegetables, meats, etc., if put up in a solid manner and labelled in such a way as to fully indicate the nature of their contents, may be sent as Fourth Class matter within the Dominion, but no sealed matter can be forwarded to the United States under this head. Liquids, oils and fatty substances may be sent to places in Canada and the United States as Fourth Class, if securely put up.

REGISTRATION

Money letters should always be registered.

Every article intended for registration must be handed in at the wicket and a receipt obtained therefor.

The fee on all classes of articles addressed to countries to which matter may be registered is 5 cents.

The sender of a registered article posted in Canada for delivery in Canada, or in any other Postal Union country, may entitle himself to a certificate as to the disposal of the said article by the Postmaster at the office addressed, on prepayment of an additional fee of 5 cents. All classes of matter may be registered to all destinations in Canada and (with the exception of that sent by parcel post) throughout the Postal Union; and letters may be registered to most of the countries not included in the Union.

Senders of registered articles are requested to put their names and addresses in the upper left hand corner of the cover.

The public are reminded that registered letters are only carried on trains that are accompanied by a railway mail clerk. Hence a registered letter and an ordinary letter posted simultaneously will often be received at different times.

In case of the loss in the Postal Service of a registered article posted in Canada for delivery in Canada, the addressee or, at the request of the addressee, the sender, is entitled to an indemnity, which in no case shall exceed twenty-five dollars, or the actual value of the lost registered article when the same is less than twenty-five dollars, provided no other compensation or reimbursement has been made therefor.

FOREIGN AND COLONIAL MAILS

Rates of Postage

The postage rate on letters mailed in Canada, addressed for delivery in the United Kingdom and the following British Possessions, is 2 cents per ounce or fraction thereof: Aden, Ascension, Australia, Bahama Islands, Barbados, Basutoland, Bechuanaaland Protectorate, Bermuda, British States in Siam, British East Africa, British Guiana, British Honduras, British New Guinea, British North Borneo Company's Territory (including Colony of Labuan), British Agencies in French Settlements in India, British Solomon Islands, British Somaliland, British Postal Agencies in China, viz.: Amoy, Canton, Chefoo, Foochow, Hankow, Hoihow, Liu-Kung-Tau (Wei-Hai-Wei), Ningpo, Postal Agencies in Morocco, viz.: Alcazar, Casablanca, Fez, Larache, Marrakesh, Mazagan, Mequinez, Mogador, Rabat, Safi, Tangier, and Tetuan; Cape Colony, Cayman Islands, Ceylon, Cyprus, Egypt, Falkland Islands, Fanning Island, Fiji, Gambia, Gibraltar, Gold Coast Colony, Grenada, Hong Kong, India (Brit.), including agencies at Bahrain, Guadur, and Muscat, and Gyantse, Pharijong, and Yatung (Chumbi), in Tibet; Jamaica, Lagos, Leeward Islands, Malay States, Malta, Mauritius, Natal, Newfoundland, New Zealand (including Cook Islands), Nigeria, Norfolk Island, Nyassaland Protectorate, Orange River Colony, Papua, Rhodesia, St. Helena, St. Lucia, St. Vincent, Sarawak, Seychelles, Sierra Leone, Straits Settlements, Sudan, Tobago, Transvaal, Trinidad, Tristan, D'Acunha, Turk's Islands, Uganda, Zanzibar.

The Countries included in the above list are all embraced in the Postal Union, and, with the exception of the reduction in the Letter Rate and in the Newspaper Rate to the United Kingdom, Bahamas, Barbados, Bermuda, British Guiana, British Honduras, British North Borneo, Ceylon, Cyprus, Falkland Islands, Fiji, Gambia, Gibraltar, Hong Kong, Jamaica, Leeward Islands, Malta, Mauritius, Newfoundland, New Zealand, Nigeria, Sarawak, Seychelles, Sierra Leone, Trinidad, Tobago, Turk's Islands, United South Africa, and Zanzibar, the Postal Union rates and Regulations remain in force.

Transient newspapers and periodicals printed and published in Canada may be sent to places indicated in the preceding paragraph at the rate of 1 cent per 4 ozs. or fraction thereof. Other papers at the rate of 1 cent. per 2 ozs.

RATES TO OTHER POSTAL UNION COUNTRIES.

Letters, 5 cents per ounce or fraction thereof, and 3 cents for each additional ounce or fraction thereof; Post Cards, 2 cents each; Newspapers, Books, Photographs,

Printed Matter, etc., 1 cent per two ounces; Samples, 2 cents for first four ounces, 1 cent for each additional 2 ounces; Commercial Papers, 5 cent for first 10 ounces, 1 cent for each additional 2 ounces; registration fee, 5 cents. Packets of photographs for Italy exceeding 3½ ounces in weight can only be forwarded when prepaid at parcel post rates.

Letters containing Gold, Silver, Jewelry, or anything liable to customs duties, cannot be forwarded by post beyond the Dominion. Such articles when addressed to the United States must be sent forward as Fourth-class matter. To all other foreign countries (excepting those to which their entry is prohibited) these articles must be forwarded by Parcel Post.

Postage stamps must be placed on the address side of Post Cards and other unenclosed cards sent abroad.

INTERNATIONAL REPLY COUPONS

for the purpose of enabling the senders of letters to other countries to provide for prepayment of the replies can be purchased at Canadian Post Offices for 6 cents each. These Coupons are exchangeable for postage stamps of the value of 5 cents in any of the countries participating in the arrangement, and the names of such countries can be ascertained on enquiry at Stamp Counter, General P. O.

PARCEL POST

Direct Parcel Post Exchanges are in operation between Canada and the countries mentioned in the following table, the rate and limit of weight being as specified in each case:

	Rates of Postage. For Each of first succeeding lb.		Limit of Weight.
Australian Commonwealth (except West Australia)	24c	24c	11 lbs.
Bermuda	16c	12c	11 "
*China (see foot note)

Bahamas, Barbados, British Guiana, Jamaica, Leeward Islands, Mexico, St. Lucia, St. Vincent, Tobago and Trinidad, for the first pound, 12 cents; for each succeeding pound, 12 cents; limit of weight, 11 lbs.

*The rates on parcel post to all parts of China having been increased, they cannot be shown in the above table. Parties wishing to mail parcels to that country are, therefore, advised to ask at the Post Office as to the rates.

Parcels may also be sent via England to nearly all other countries. Rates and special conditions may be found in the Official Postal Guide, or learned on enquiry at Post Office or any of the Branch Offices.

No correspondence must be enclosed. A Custom's Declaration of the contents and value of each parcel must be filled up at the Post Office, or one of the branches, and attached to the parcel by the sender.

No parcel sent from Canada by parcel post to the United Kingdom, or to another country via the United Kingdom, may contain an enclosure bearing a different address from that on the cover of the parcel.

Parcels addressed to the United Kingdom must not exceed 30 ins. in length by 1 ft. in width or depth, nor must the combined length and girth exceed 6 ft. Parcels will be accepted, however, 3 ft. 6 ins. in length, and having a combined length and girth not exceeding 6 ft., provided the contents are articles which could not be packed in shorter parcels, such as umbrellas, golf clubs, etc.

Parcels addressed to any country other than the United Kingdom must not exceed 2 ft. in length by 1 ft. in depth.

No parcel may contain coin or bullion exceeding five pounds sterling in value; in case of coins a special exception is made, allowing coins which are clearly intended for purposes of ornament to be enclosed in

parcels, even if their value exceeds five pounds.

The importation of the following articles into the United Kingdom by Parcel Post is prohibited:—Letters, explosive and dangerous articles, foreign reprints of British Copyright works, acetylene, extracts or other concentrations of coffee, chicory, tea or tobacco, snuff work, tobacco stalks, tobacco stalk flour, prison-made goods, saccharin, and substances of a like nature or use, rags, shoddy, and live animals (except bees in properly constructed cases).

POST OFFICE SAVINGS BANKS

are established at the General Office. Sums of \$1.00 or any multiple of \$1.00 can be deposited, but the maximum sum which may be received from any one depositor in any year, ending the 31st March, is \$1,500, and the total sum which may be received to the credit of any depositor is \$5,000. Interest, 3 per cent.

MONEY ORDERS

The purchase of a Money Order is but the work of a minute and payment is just as prompt.

The rates of commission for Money Orders issued for Canada for payment in Canada, Antigua, Bahamas, Barbados, Bermuda, British Guiana, Cayman Islands, Cuba, Dominica, Grenada, Guam, Hawail, Jamaica, Montserrat, Nevis, Newfoundland, Panama Canal Zone, Philippine Islands, Porto Rico, St. Christopher (St. Kitts), St. Lucia, St. Vincent, Tobago, Trinidad, Turks Island, Tutuila (Samoa), Virgin Islands, and the United States, are as follows, viz.:—

Over \$90 and up to	\$100.....	1.00

There is no exchange of money orders with Spain.

Duplicate orders issued free of charge.

Transfer of payment from one place to another and changes in names of persons to whom payment is to be made are effected without any additional charge.

Office Hours at Head Office—From 8 to 22.

POSTAL NOTES

The Postal Note System established by the Post Office Department affords a cheap and convenient means for remitting small sums.

Are sold and paid at more than 10,000 Post Offices in Canada.

May be bought as quickly as Stamps.

May be bought during all Post Office Hours.

Can be crossed to ensure safety.

To meet the public interest, the rates have been fixed at very moderate figures, as follows:

1c. on note for..	\$0.20	2c. on note for..	\$0.90
1c. " "	.25	2c. " "	1.00
1c. " "	.30	2c. " "	1.50

2c. " "	.60	3c. " "	3.00
2c. " "	.70	3c. " "	4.00
2c. " "	.75	3c. " "	5.00
2c. " "	.80	5c. " "	10.00

Odd cents may be made up by affixing Canadian Postage Stamps not exceeding 9 cents in value to the face of a Postal Note, if the same is for remittance to a place in Canada.

Additional Postage Stamps must not be attached to Note by payee.

Canadian Postal Notes can be made payable at any Post Office in the United States transacting Money Order business. If the payee resides in a city, the Notes must be drawn on the Main City Office, not on a sub-office or station.

Postage Stamps must not be affixed to Postal Notes drawn for payment in the United States.

Canadian Postal Notes are payable only in Canada and the United States.

British Postal Orders issued in the United Kingdom and British Possessions are payable at the Main Office in the following cities in Ontario: Ottawa, Kingston, Toronto, Hamilton, Brantford, London and Windsor; and also at the principal cities in the other provinces of Canada.

GENERAL POSTAL INFORMATION

A large number of letters reach the Post Office every day which are undeliverable, by reason of the absence of street and number from the address, while serious delays and vexatious errors occur all the time from the same cause. Whether in business or residential districts, "street and number" form an indispensable part of the address of letters. If business men, however well known, have their street and number printed on their stationery, their correspondents avail themselves of the information, and the Post Office and public are both benefited. Delay to the extent of at least one delivery must occur when reference to the City Directory is necessitated.

CITY LETTERS.—Where an addressee's name is in the City Directory, the writer has the same means of completing the address as the post office has, and delay in delivery is avoided.

A street runs sometimes for miles under the same name, and a dozen or more carriers serve its several parts. Where the house number is omitted from the address in such streets, the letter will be returned to writer for amended address. Instead of, as heretofore, being tried on every carrier serving that street, and prompter delivery will result. If referred to our Directory Clerks, the wrong person must often be "tried" and time is lost in the same way.

Thinking to save trouble in their own offices, persons mailing circulars, catalogues, etc., in large numbers often address them omitting street and number; thus entailing certain delay in sorting and equally uncertain delivery. Banks and companies posting notices and dividend cheques are constant offenders in this way. In the interest of the senders these will be returned in bulk for better address.

Persons living in the neighborhood of the Post Office sometimes complain that they receive letters no earlier than those who live in the suburbs. It would seem almost unnecessary to state that every carrier begins his walk practically at the same time. The position of a house in the carrier's walk governs the time at which letters are received there. These walks are meant to be covered in one hour, or two, according to district and the number of deliveries made in the day. The hour of the first delivery accords with the arrival of morning trains from the East; and a majority of people object to receiving letters before 8 a.m.

Merchants or others having much mail matter to post at or about 6 p.m., when their offices close, are advised to insist on their messengers carrying the matter to the General Post Office, thus avoiding occasional overfilling of the street letter boxes in the central district.

Persons posting circular notices of meetings, etc., where immediate despatch is of importance, would do well to hand them in at the Post Office with intimation to that effect.

The growing habit of using in an address the fancy title of a house, instead of merely the plain street and number, is a frequent source of error at the sorting cases, where the work has to be done by a rapid glance, and the title of the house happens also to be the name of a post-town.

A Carrier is not required to leave letters at any house where he may be in danger of a vicious dog. The owner must call at the General Delivery, till the dog is tied up or otherwise disposed of.

Many persons telephoning to the Post Office resent the reply that their request must be put in writing. But obvious mischief might result from orders for the disposition of correspondence given by an unrecognized voice.

Unused Postage Stamps not being redeemable by the Department should not be used for the remittance of small sums of money, as Postal Notes have been introduced for that purpose.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer or to any other person.

The sending of a letter or any communication or document subject to letter postage in an open cover does not in any way diminish its liability to letter rate of postage.

Letters bearing mutilated stamps, or stamps so soiled and defaced as to make it impossible for the sorting clerks to decide whether they have been used before or not will be sent to the Postmaster General for his adjudication.

LETTER CARRIER DELIVERIES

In the majority of residential districts there are two deliveries each week day, commencing at 8 a.m. and 1.45 p.m. In the central or business district there are four deliveries each week day, commencing at 8 a.m., 10.30 a.m., 1.15 p.m., 5 and 6 p.m.

DETAILS OF LETTER CARRIER DELIVERY.

All City drop letters must be addressed with Street name and number thereon or same will be returned for better address.

All 2nd, 3rd and 4th class matter must be fully addressed to Street and number or it will be returned for fuller directions.

Farm Lands

We have for sale some of the best land in Western Canada, in parcels of from 160 acres to 10,000 acres. We deal only in first selections and guarantee to please our buyers.

Improved Farms

We offer for sale some of the finest improved farms in the Regina District. Before buying, be sure to see us.

Regina City Property

No one can dispute the fact that Regina has grown very rapidly and has made great progress. The indications are that in the next few years Regina will double its population. This being the case investments in City property will net the investor big returns. Our years of experience are at your disposal, and if your money is placed with us for investment, our aim will be to please you. We will be glad to furnish any information regarding investments, or to send maps and pamphlets on request. If in the City, call on us. We will be pleased to see you.
